**MOBILE PRINT
FOR STUDENTS**

MOBILE PRINTING
## DESIGNED WITH STUDENTS IN MIND.

MOBILE PRINT FOR STUDENTS EMPOWERS STUDENTS WITH ROBUST PRINTING AND SCANNING CAPABILITIES WHILE GIVING SCHOOL ADMINISTRATORS CONTROL OVER UNAUTHORIZED ACCESS TO THE INTERNET.

In today's educational environment, administrators are tasked with providing students technology that enhances the learning process while meeting the security requirements of the institution. The increased use of mobile devices in education requires solutions designed specifically with their unique security challenges in mind. Smartphones and tablets meet the need for mobility and digital access to content, but many school administrators need the ability to restrict access to non-school related content.

KYOCERA Mobile Print for Students is a Kyocera business application that enables students to securely print documents and images – as well as copy and print text from a clipboard – using their Apple or Android smartphone or tablet device to KYOCERA MFPs and printers without compromising the institution's internet access control or the parental control settings on the device.

3 EASY STEPS TO PRINTING ON THE GO

1. Connect your mobile device to the same Wi-Fi network as the KYOCERA MFP or Printer you will be using to print
2. Use the Mobile Print for Students app to open the document, image, or text you wish to print
3. Select the device you wish to print to, set your preferences and press Print

KYOCERA
Document Solutions

WITH KYOCERA MOBILE PRINT FOR STUDENTS, YOUR MOBILE DEVICE DOES ALL THE WORK, BECOMING AN INTEGRATED PART OF YOUR LEARNING ENVIRONMENT.

There's no need to be physically connected to a school network; the app can quickly identify KYOCERA Printers and MFPs via a Wi-Fi connection. Once you've located a device, simply access the documents you want to print. The app can handle many common file formats. A few quick strokes are all it takes to transform digital files to printed sheets. Mobile Print for Students also integrates with e-mail (if parental controls allow), Evernote® and Google Drive™, further enhancing the print versatility of your mobile device.

FILE FORMATS SUPPORTED

PRINT:
› Apple: PDF, JPG, PNG, TXT, XPS, HTML, iWork, Microsoft Office
› Android: PDF, JPG, PNG, TXT (at lower resolution) XPS, GIF, BMP, HTML

SCAN:
› Apple and Android: JPG, PDF

IMPORT FILES:
› Apple: e-mail, iTunes, Wi-Fi
› Android: e-mail

THE BENEFITS OF KYOCERA MOBILE PRINT FOR STUDENTS
› Print on the go in a mobile environment via an app that is convenient and easy to use
› Will not compromise internet restrictions put in place by school administrators or parental control settings on the device
› Flexible access to information wherever you need it
› No costly or burdensome infrastructure required - the app resides on the mobile device and interfaces seamlessly with select KYOCERA MFPs and Printers
› Automated identification of compatible devices
› Robust settings enable greater control:
  Print - Quality, Paper Size, Duplex, Color, Pages per Sheet, Number of Copies, Page Range, Job Accounting, Staple, Punch
  Scan - File Name, Original Size, Quality, Color, Resolution
› Accountability - track print jobs when job accounting is enabled at the MFP or printer
› Protect sensitive information with encrypted PDF capability
› Copy and print text from other applications using KYOCERA Mobile Print's Clipboard Printing functionality
